Population Reach

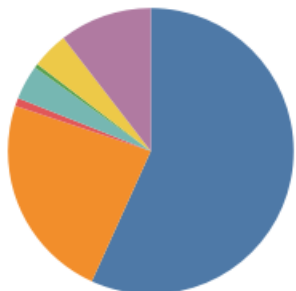

Note: The Population Reach, Scheduling Rate, and Completion Rate charts on this page are calculated based on actively implementing certified community contracts (n=10) who share data in the FCI Centralized Data System. Hennepin MN data extract includes only August 2022-December 2022 and May-July 2023 data. All other metrics throughout the Snapshot represent all community partners. ** We estimate that July data may be an underestimate of up to 7% given that some records may be incomplete and not counted at the time of data review.
